- ### Subject Index
- Acrodermatitis enteropathica, abnormal immune response 988
- Alpha-fetoprotein 1
- Alpha-1-antitrypsin deficiency 326

- Amino acids
 - inducing cholestasis 724
 - parenteral nutrition, premature infants 302
- Arthritis, serum-sickness-like disease 964
- Asthma
 - acute asthmatic state, monitoring 465
 - long-term steroid treatment 164
 - long-term treatment, corticosteroids/ACTH 744
 - oesophageal function 729
 - working capacity, pulmonary gas exchange 947
- Bacteriology
 - bifidobacterium bifidum, IgG 868
 - fimbriated coli, epidemiological aspects 205
 - lipid-A-antibodies, urinary tract infection 982
- Bilirubin
 - brain toxicity 513
 - hyperbilirubinaemia, phototherapy, breastfeeding 708
 - measure for binding 550
 - neonatal jaundice, free and erythrocyte-bound 545
- Blood
 - acute lymphatic leukaemia, avoidable deaths 316
 - anaemia, African school children 662
 - aplastic anaemia, population study 58
 - autoimmune haemolytic anaemia, plasma exchange 1037
 - ferritinaemia, juvenile rheumatoid arthritis 64
 - haemoglobin concentration, testosterone 793
 - haemolytic disease, anti-D, newborn 175
 - leukaemia, oral 6-mercaptopurine 797
 - thrombocytopenia, newborns, hydrocephalus 86
- Breast feeding
 - in Brazil 558
 - feeding problems, infants 370, 390
 - influence of phototherapy 708
 - lactation, effect of caloric restriction 222
 - protective role in rotavirus infection 713
 - self-regulation of intake 893
 - Turkish mothers 216
- Cardiovascular system
 - blood pressure, influence of dietary fat 396
 - blood pressure, puberty 626
 - cerebral blood flow, prematures 43
 - cerebral blood flow, ligation of ductus arteriosus 36
 - cerebral blood flow, newborns
 - echocardiography, newborns 563
 - endomyocardial biopsy, cardiac hypertrophy 81
 - infective endocarditis in Sweden 993, 999
 - Kawasaki syndrome 75
 - thromboembolism, nephrotic syndrome 804
- Chromosomes
 - ring chromosome 15, growth failure and intestinal atrophy 326
 - ring chromosome 21, SOD activity 1055
 - triploidy, complete, long survival 507
- Chronic granulomatous disease, isoniazide treatment 668
- C-reactive protein, nephrotic syndrome 846
- Cystic fibrosis
 - aldosterone in saliva 124
 - antibodies, staphylococcus aureus 139
 - antimicrobial therapy 128
 - centralized treatment, risk of infection 840
 - diagnosis by immuno-reactive trypsin 502
 - pancreatic electrolyte secretion 145
 - pulmonary function, exercise 657
 - sweat test, sweat sodium 652
 - vitamin B12 absorption 173
- Dermatitis herpetiformis 297
- Diabetes
 - autoantibodies in relatives of diabetic children 611
 - blood glucose, home monitoring 98
 - ketoacidosis, L-asparaginase treatment 670
- Endocrine system
 - aldosterone, cystic fibrosis 124
 - anti-thyroid antibodies, Turner's syndrome 750
 - arginine-vasopressin 111
 - congenital adrenal hypoplasia 870
 - congenital adrenal hyperplasia, renal tubular acidosis 425
 - Cushing's syndrome, pituitary irradiation 388
 - DHEA, cortisol, cord blood, pre-eclamptic mothers 279
 - diabetes insipidus, oral treatment 605
 - fetal thyroid function, maternal smoking 762
 - growth hormone, effect of cranial irradiation 255
 - growth hormone, subcutaneous administration 89
 - growth hormone therapy 353
 - growth hormone therapy, intermittent infections 601
 - growth hormone, growth response 767
 - gut hormones, enteral feeding 719
 - hypercalcaemia, hyperthyroidism 504
 - hyperparathyroidism, newborns 179
 - hypopituitarism, dysgenesis of corpus callosum 923
 - infantile hypercalcaemia, fat necrosis 1042
 - maternal TSH antibodies, congenital hypothyroidism 756
 - tall adolescents, bromocriptine treatment, somatomedin 106
 - testosterone, haemoglobin concentration 793
 - thyroid nodules 118
 - thyroid disorders, ultrasound image 272
 - urinary cortisol, newborns 919
 - vasopressin and oxytocin, newborns 774
 - valproic acid, gonadotropin-releasing hormone test 787
- Enzymes
 - acyl-CoA dehydrogenation deficiency 676
 - lingual lipase, newborns 913
- Gastroenterology
 - acute diarrhoea, Chilean preschoolers 645
 - acute gastroenteritis, incomplete lactose absorption 151
 - breath hydrogen test, diarrhoea 632
 - coeliac disease and cow's milk allergy 340
 - dermatitis herpetiformis, jejunal morphology 297
 - gut hormones, enteral feeding 719
 - hypertrophic pyloric stenosis, follow-up 156
 - intestinal permeability, rotavirus diarrhoea 1005
 - mouth to caecum transit time 483
 - necrotizing enterocolitis, acute phase proteins 1032
 - necrotizing enterocolitis, loperamide 1034

- oesophageal function in asthma 729
- oral rehydration, malnourished infants 477
- pancreatitis, Coxsackie B4 infection 336
- short bowel syndrome, parenteral nutrition 866
- Growth and Development**
 - CT scanning, pituitary gland, growth disorders 779
 - growth hormone therapy 353
 - growth hormone therapy, intermittent infections 601
 - human growth hormone, mode of treatment 89
 - influence of birthweight 261
 - in Krabbe's disease 251
 - nephrotic children, prednisone treatment 245
 - partial growth hormone deficiency 767
 - proportionality changes, infants, influence of weight 811
 - skeletal maturation, long-term treatment with steroids 744
- Immunology**
 - antibody response, pneumococcal vaccination, splenectomy 452
 - cow's milk intolerance, leukocyte migration test 308
 - human milk macrophages 444
 - human milk, anti-inflammatory properties 689
 - HLA, dermatitis herpetiformis 297
 - immunoglobulins, bifidobacterium bifidum 868
 - leucocyte function during ACTH-treatment 159
 - mumps antibodies 230
- Infectious diseases**
 - cerebrospinal fluid lactate, meningitis 52
 - changing comprehension, review 193
 - endocarditis, Swedish children 993, 999
 - meningitis, diagnosis 569
 - multiple invasive infections 499
 - septic shock, newborns 69
 - septicaemia, newborns 540
 - toxoplasmosis, congenital 343
 - ventriculitis, treatment 497
- Kawasaki syndrome 75**
- Laurence-Moon-Biedl syndrome 240**
- Lipids**
 - serum lipids, blood pressure 396
- Liver**
 - familial cholestatic syndrome, Eskimo children 1010
 - fatty liver, cirrhosis, Coxsackie B4 infection 336
 - hepatic failure, bile acids 875
- Malformations**
 - neuronal heterotopias 855
 - in Tunis 534
- Metabolism**
 - glycogen storage disease, neuromuscular involvement 289
 - hyperkalaemia, pseudohypoaldosteronism 970
 - hypodipsic hypernatraemia, olfactory dysfunction 1046
 - phenylketonuria, prognosis 619
 - rickets, very low birthweight infants 927
- Methodology**
 - breath hydrogen test 483, 632
 - CT scanning, pituitary gland 779
 - leukocyte migration inhibition, cow's milk intolerance 308
- Momograms, urine and plasma osmolality 324**
- plastic blankets and heat shields, phototherapy 555**
- plasma exchange, haemolytic anaemia 1037**
- sweat chloride test, malnutrition 639**
- transcutaneous Po₂, acute asthma 465**
- ultrasound, thyroid disorders 272**
- wet stool weight, fecal fat, energy excretion 1028**
- Milk**
 - anti-inflammatory properties 689
 - B group vitamins, content 402
 - bovine β -lactoglobulin in human milk 702
 - epidermal growth factor, cow's milk 233
 - macrophages, oxidative metabolism 444
 - mumps IgA antibodies 230
 - neutralizing activity against RSU 696
 - protein intake, infants 881, 887
 - selenium content 236
 - urea nitrogen, physiological availability 439
- Nephrology**
 - Laurence-Moon-Biedl syndrome, renal involvement 240
 - lipid-A-antibodies, renal scarring in UTI 982
 - nephrectomy, function of remnant kidney 408
 - nephrotic syndrome, thrombosis and embolism 804
 - nephrotic syndrome, C-reactive protein 846
 - oliguria, preterm infants with hyaline membrane disease 420
 - pseudohypoaldosteronism, hyperkalaemia 970
 - pyelonephritis, newborns 205
 - pyelonephritis, tests of tubular function 415
 - renal disease, South India 1030
 - renal tubular acidosis, cong. adrenal hyperplasia 425
 - tubular acidosis, type 4, interstitial nephritis 1051
- Nervous system**
 - absence of septum lucidum, hypernatraemia 1046
 - brain toxicity, bilirubin 513
 - cerebral palsy and epilepsy, aetiology 586
 - cerebrospinal fluid lactate, meningitis 52
 - dysgenesis of corpus callosum, hypopituitarism 923
 - epileptic encephalopathies, ACTH-treatment 159
 - facial palsy, peripheral 172
 - febrile convulsions, valproic acid, diazepam 593
 - glycogen storage disease type III 289
 - hydrocephalus, neonatal thrombocytopenia 86
 - hydrocephalus, epidemiology in Sweden 975, 982
 - infantile spasms, corticotropin therapy 598
 - infantile spasms, neuronal heterotopias 855
 - intracranial haemorrhage, glutamine in CSF 899
 - intraventricular haemorrhage, follow-up 24
 - meningitis, diagnosis 569
 - myotonic dystrophy, congenital 849
 - periventricular leukomalacia, ultrasonic diagnosis 489
 - ventriculitis, treatment with local urokinase 497
- Newborn infants**
 - cerebral blood flow, ultrasound 905
 - echocardiography 563
 - fat digestion, lingual lipase 913
 - gentamicin dosage 198
 - gut hormone 719
 - haemolytic disease, anti-D in 'D-positive mother' 175
 - hip joint instability, breech pregnancy 860
 - hyperparathyroidism 179

- intracranial haemorrhage, glutamine in CSF 899
- lung function, effects of caesarean section 470
- mortality, Finland 362
- necrotizing enterocolitis, acute phase proteins 1032
- nosocomial infection, fimbriated coli 205
- perinatal mortality 1, 17
- respiratory adaption, caesarean section 832
- rotavirus infections 211
- septic shock, acute phase proteins 69
- septicaemia, Saudi Arabia 540
- thrombocytopenia, intracranial haemorrhage, hydrocephalus 86
- urinary cortisol, immunoreactive levels 919
- vasopressin and oxytocin, beta-endorphins 774
- Nutrition**
 - amino acids, parenteral nutrition 302
 - diets in healthy Swedish children 932, 937
 - energy intake, physical activity, body fat 955
 - feeding problems, infants 370, 380
 - home parenteral nutrition 866
 - malnutrition, sweat chloride test 639
 - milk protein intake, infants 881, 887
- Oro-facial-digital syndrome, precocious puberty 672
- Orthopaedics**
 - hip joint instability, breech pregnancy 860
- Pharmacology**
 - digoxin dosage, low birthweight infants 433
 - gentamicin dosage, newborns 198
 - loperamide, necrotizing enterocolitis 1034
 - methacoline challenge test 737
 - 6-mercaptopurine, pharmacokinetics 797
 - valproic acid, diazepam, febrile convulsions 593
 - valproic acid, gonadotropin-releasing hormone 787
- Phototherapy** 555, 708
- Premature and low birth weight infants**
 - amino acid induced cholestasis 724
 - cerebral blood flow 43
 - DHEA, cortisol, cord blood, pre-eclamptic mothers 279
 - digoxin dosage 433
 - echocardiography 563
 - intrauterine growth retardation, follow-up 31
 - intraventricular haemorrhage, follow-up 24
 - oliguria, hyaline membrane disease 420
 - parenteral nutrition, amino acids 302
 - phototherapy 555
 - RSD, functional residual capacity 267
 - rickets, vitamin D, calcium, phosphorus 927
 - urinary, cortisol, immunoreactive levels 919
 - ventilator treatment, long term follow-up 819, 827
- Psychology and psychiatry**
 - distress in parents of children with malignant disease 283
 - feeding problems, infants 370, 380
- nocturnal enuresis, epidemiology in Khartoum 1017, 1021
- reduced intelligence, intrauterine growth retardation 31
- Respiratory system**
 - bronchial reactivity, methacoline challenge test 737
 - expiratory difficulties, viral findings 347
 - hyaline membrane disease, acute oliguria 420
 - lung function, effects of caesarean section 470
 - pulmonary function during exercise, cystic fibrosis 657
 - pulmonary gas exchange, asthma 947
 - RDS, functional residual capacity 267
 - respiratory adaption, caesarean section 832
 - ventilator treatment of newborns, follow-up 819, 827
- Reye's syndrome, incidence in Denmark** 313
- Shwachman's syndrome, tubular acidosis** 682
- Social paediatrics**
 - acute diarrhoea, Chilean preschoolers 645
 - breastfeeding, Turkish mothers 216
 - breastfeeding, Southern Brazil 558
 - child development, social class 261
 - neonatal mortality, Finland 362
 - organization of medical care 10
 - perinatal mortality 1, 17
- Sudden infant death**
 - milk aspiration 530
 - perinatal mortality, Norway 523
- Surgery**
 - circumcision, phimosis 321
 - hypertrophic pyloric stenosis, follow-up 156
 - splenectomy, antibody response to vaccination 452
- Toxoplasmosis, congenital** 343
- Trace elements**
 - plasmapheresis 864
- Turner's syndrome**
 - anti-thyroid antibodies 750
- Vaccination**
 - during treatment for leukaemia 579
 - rotavirus 573
- Virology**
 - Coxsackie B4, pancreatitis, antitrypsin deficiency 336
 - findings, expiratory difficulties 457
 - rotavirus, infection in newborn 211
 - rotavirus vaccination 573
 - rotavirus, protective role of breastfeeding 713
 - rotavirus diarrhoea, intestinal permeability 1005
 - RSV, neutralizing activity of human milk 696
- Vitamins**
 - B-group vitamins 402
 - vitamin B₁₂, absorption, cystic fibrosis 173
 - vitamin D, supplementation in rickets, infants 927
